Spiritual, Moral, Social and Cultural Development Policy

Our Values: Friendship, Peace, Beliefs, Freedom, Independence, Perseverance, Caring, Responsibility, Respect, Honesty and Reflective.

At Newdale, we are passionate about ensuring that our children are secure in knowing the values that make the world a great place to live. Every month, we focus on a different value. This is celebrated through a school canvas created by a different selection of children to display in school. Work in assemblies and class is carried out centred around the value of the month to provide opportunities for this value to be instilled into the ethos of the school. Every class displays the values so that they can be shared and referred to frequently. Parents are kept informed of the values through a monthly letter providing suggestions of ways to explore the value at home. It is also shared on the school website and social networking sites.

British Values:

Here at Newdale, we equip children with the skills and knowledge to prepare them for life in modern Britain. In order to do this, children are taught the importance of British Values, different religious beliefs, relationships (RSE), making healthy life style choices and SMSC in their community and in the wider world. At Newdale, these subject areas all fall within the subject area of 'Citizenship' (previously referred to as PSHE). We know that by providing all children with these skills, it will successfully enable them to be positive British Citizens.

The Department of Education reinforced that all schools are required to ensure that key 'British Values' are taught to pupils. The Government set out its definition of British values in the 'Prevent Strategy.' These values are democracy, the rule of law, individual liberty, mutual respect and tolerance of those of different faiths and beliefs. At Newdale Primary school, these values are reinforced regularly and in the following ways:

Democracy: Children have the opportunity to have their voices heard through our active School Council and through regular pupil questionnaires. The elections of school council members for each class are based solely on pupil choice. Other opportunities include visits from local Members of Parliament.

The Rule of Law: Throughout the school day, the importance of laws, are consistently reinforced. These may, for example, be using the SMART Code to deal with behaviour or as part of an assembly theme. Our children are taught the value and reasons behind laws that govern and protect us, the responsibility that this involves and the consequences when laws are broken.

Individual Liberty: When in school, our pupils are encouraged to make choices, knowing that they are in a safe and supportive environment. We encourage our children to know, understand and exercise their rights as children and when they enter adulthood.

Mutual Respect: Our school ethos and Behaviour Policy revolves around core values such as 'respect' and children have been part of discussions and assemblies related to what this means and how it is shown.

Tolerance of those of Different Faiths & Beliefs: This is achieved through enhancing our children's understanding of their place in a culturally diverse country and by giving them opportunities to experience such diversity such as through assemblies and visits to places of worship. Pupils and their families of different faiths or religions are encouraged to share their knowledge to enhance learning within classes and the school.

In the light of this we will ensure that the SMSC development of our pupils is promoted across the curriculum and in the wider life of the school by:

Offering a creative curriculum, through which we will be preparing children for the opportunities, responsibilities and experiences of later life in modern Britain. The curriculum will actively promote the fundamental British values of democracy, the rule of law, individual liberty and mutual respect of those for people with different faiths and beliefs.

Class teachers at Newdale ensure objectives of the curriculum are being met but try to personalise and make learning relevant to their children.

Celebrations and achievements are shared at Newdale of all kinds.

Pupil voice is promoted by a School Council and Pupil Learning Forum. Our desire is for pupils to know that their expertise, opinions and ideas are valued in all aspects of school life.
