<u>**Monday 25th January 2021**</u>

<u>**L/O- Can I program a beebot using north, east, south west directions to crack a code?**</u>

Using the Beebot website provided, follow the directions given. Each letter that you land on will be a letter needed to crack the code. Rejiggle the letters to make a pirate themed word. Email your cracked code word to your class teacher once you have solved it.

Select the alphabet mat and make sure that your beebot is as shown. **(As shown on the right)**

1. Travel south, south   **Letter**

2. **Press the blue x.**
   Travel west, north, north   **Letter**

3. **Press the blue x.**
   Travel East, north, north, north, north   **Letter**

4. **Press the blue x**
   Travel east, north, east, north, north, north, north   **Letter**

5. **Press the blue x** Travel west, north, north   **Letter**

6. **Press the blue x** Travel south, south, south   **Letter**

7. **Press the blue x** Travel north, north, north, north, west   **Letter x2**

                                    north, north, north, north

      The secret code word is _____ .
