

**L/O: Can I use a numberline for subtraction?**

I know how to use a written method for subtraction.

I understand how to draw jumps on a numberline.

I can count backwards in tens and ones.

1)  $58 - 14 =$

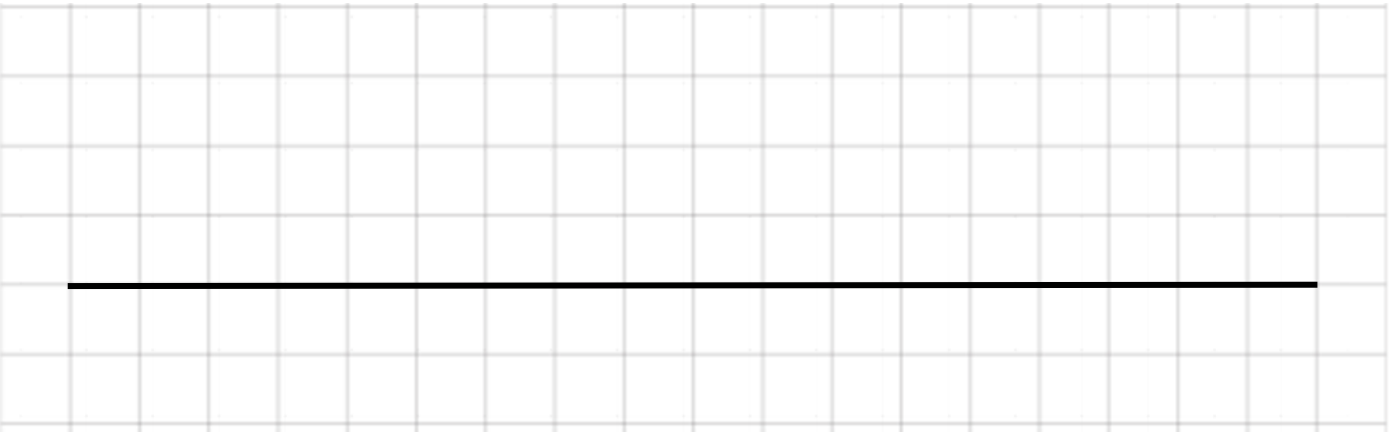

2)  $49 - 13 =$

3)  $68 - 15 =$

4)  $45 - 13 =$

5)  $59 - 25 =$

6)  $65 - 24 =$
