

Homework due 4th February

Choose one of the writing prompts and create a piece of creative writing - use the ISAWAWABUB spinner on Google Classroom to help develop your complex sentences.

1. You just discovered a new planet. Imagine you are an astronaut, and you just crash-landed on a secret planet in the solar system. Describe this planet in great detail. Think about the climate, atmosphere, appearance, the sky and so on.

2. Write a series of journal entries about travelling to Mars. You and your family have been selected to live on Mars for a few months, as a trial run for the government. Write a series of journal entries as you travel to Mars in a rocket. Think about the food you're eating. How do you keep yourself entertained in the spaceship? And even how you go to the bathroom, or have a shower in a rocket.

3. Write a short story about discovering a broken spaceship. You wake up in the morning to find pieces of a broken spaceship scattered across your backyard. What happens next in this story?

4. Describe a new alien race. Start by drawing a picture of this new alien race that could live somewhere out there in the galaxy. Then describe this alien in great detail. And don't forget to give this new alien race a name.

5. You are the captain of a space pirate ship. You travel the galaxy, causing chaos wherever you go. Write about your latest adventure in space.

Subordinating Conjunctions

Here are 10 of the most common subordinating conjunctions. They are used at the beginning of a subordinating clause which is a clause that doesn't make sense on its own.

Extension: Create your own checklist of Y5 SPaG features and tick off the ones you have used. You could even highlight these in your writing, or underline them. E.g. fronted adverbials, expanded noun phrases, parenthesis etc.
