

Welcome to our second Newdale SEND Newsletter. In this edition, we would like to show you a selection of ways in which we adapt our environment to meet the needs of all children in our school.

How do we create a learning environment that meets the needs of SEND pupils?

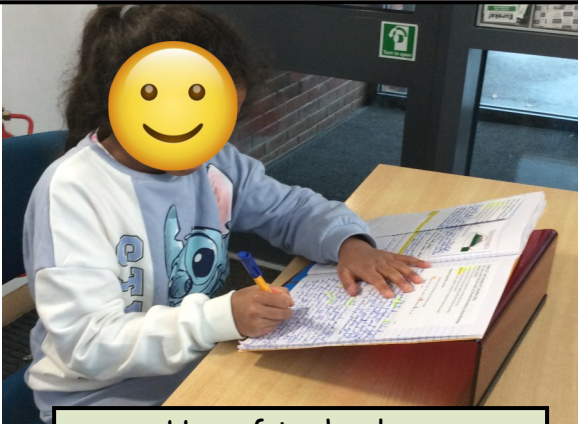

Working Walls to support recall

Daily retrieval practice

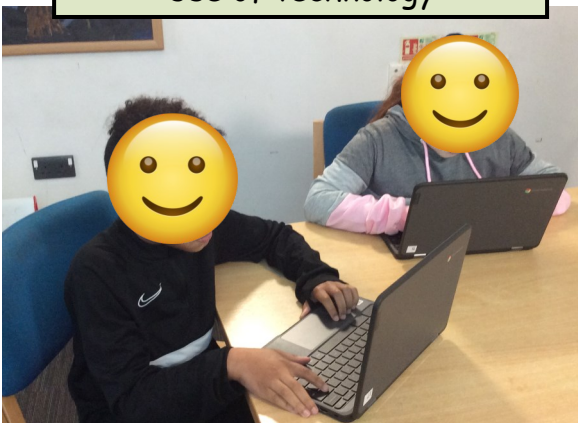

Sloping boards and additional writing aids

Tabletop resources for each lesson

Use of technology

Pre-teaching key vocabulary

As well as targeted interventions and much more!

Intervention Spotlight

Power of 2 enables anyone to make progress with their maths. It begins with teaching number bonds to 10, and then moves on to introducing doubling, halving, addition and subtraction, rounding numbers, multiplying and dividing. It then introduces fractions and looks at worded problems and time.

This book is also great to use with your child at home.

Meet the Team

Newdale Governor for SEND

"It is wonderful to see the inclusive curriculum Newdale provides to support and develop learning. These informative newsletters provide parents and carers with regular updates. I am looking forward to the next one."

Carole Williams, link governor for SEND.
