

Employee Code of Conduct

Last Review	July 2023
Next Review	July 2024

1. Introduction

This document outlines the School's expectation in relation to employee conduct and outlines the School's responsibility to the employee. This document mainly refers to conduct expected in the work place, including online, but may also cover conduct when representing the School e.g. whilst at training, attending work related functions or activities on social media that may affect the reputation of the School.

It should also be used in conjunction with other relevant policies and standards such as professional standards, child protection and safeguarding policies, behaviour policy, the Disciplinary Policy and the associated Disciplinary Rules as well as the contract of employment/written statement of particulars.

Given the nature of this establishment, this document should also be a guide to assist in ensuring children's and employees safety. It therefore explains the responsibilities the School has toward employees and children/pupils on a whole school basis

This code should be reviewed regularly by Governors and reissued to staff after the review.

2. Duty of Care

This School has a duty of care to the pupils/children within it and also to all employees.

This duty should be at the heart of all employee and employer practice.

Pupils/children – employees within this School have a duty to keep pupils/children safe, promote their welfare and protect them from harm as outlined in "Keeping Children Safe in Education" 2021. Given the position of trust this places employees in, employees are expected to take reasonable steps to ensure pupils/children's safety and well being. **Please refer to the Child Protection & Safeguarding in Schools Policies that this school have adopted.**

Employees – employers should provide a safe working environment and appropriate guidance regarding safer working practices. They should also ensure that employees are treated fairly and reasonably in all circumstances. Employees will be informed of all relevant policies as part of their induction. Where a new or revised policy is adopted, the School will ensure each employee has access to it.

In addition, each employee has a personal duty to take care of themselves and anyone else who may be affected by their actions or failings.

Employees should:

- Understand the responsibilities of their role and the sanctions should these not be followed
- Act and be seen to act in the pupil's/child's best interest
- Act in a way to protect the Schools reputation
- Avoid conduct which could lead to question over motivation and intentions
- Act in line with School policy and procedure
- Take responsibility for their own actions and behaviour
- Speak up promptly about any concerns they have or anything they have witnessed that could give rise to concern

- Have due regard that safeguarding children and their welfare is paramount and everyone's business
- All school staff should make the Headteacher or Chair of Governors (if this is the headteacher) aware of any relationships and associations both within and outside of the workplace (including online) that may have implications for the safeguarding of children in school.
- Note that unjustifiable delay in reporting concerns is not acceptable

Employers should:

- Clarify what is expected about an employee at work and where relevant, outside of work
- Provide a safe and healthy working environment
- Support for your rights and recognise diversity
- Foster a culture of openness and support
- Ensure that appropriate policies are adopted, implemented, monitored and reviewed e.g. employee policies, safeguarding, child protection, code of conduct
- Ensure that employees have access to and understand guidance, related policies and systems that are in place
- Ensure that employees are not placed in a vulnerable position
- Ensure that those who provide services or activities are aware of safeguarding policies and procedures
- Treat employees reasonably and fairly

3. Complaints

Should an employee have a concern with the way in which they are being treated by their employer, the Grievance process should be followed. Advice should be sought by the employee from their relevant trade union.

Should an employee have a complaint relating to the School then they should use the relevant policy e.g. Whistleblowing Procedures, Child Protection and Safeguarding Policy or any other procedure that the school has identified and adopted.

Should the employer have concerns regarding employee conduct, the employer should always try to resolve the matter at the lowest possible level i.e. through discussion with the employee. For more serious matters, the School may need to refer to the relevant employment policy e.g. discipline.

4. Employee Code of Conduct

This code covers a number of situations but does not cover all eventualities. Where it is necessary to refer to a specific School policy, this will be noted.

Furthermore, the document produced by the Safer Recruitment Consortium - Guidance on Safer Working Practice is universally regarded as a best practice guide to work alongside local policies.)

4.1 Dress and Appearance

All employees should dress in a manner that is appropriate for their role, individuals they work with and work they undertake, including online and virtual teaching. Reference appendix 1 for the detailed Dress code.

Clothing and appearance should not:

- cause embarrassment or give rise to any misunderstanding
- be likely to be viewed as offensive, revealing or sexually provocative
- be considered to be discriminatory or culturally sensitive
- be political or represent contentious slogans

4.2 Behaviour

All employees have a responsibility to maintain public confidence in both the School and their own ability to provide an outstanding level of education and care whilst safeguarding the welfare and best interest of the pupils/children they are responsible for.

Equally, all employees should be able to carry out their duties in an environment where all individuals treat each other fairly and with respect and dignity. Acts of discrimination, harassment or bullying, intentional or otherwise, will not be tolerated.

Employees should foster an approach which is aligned to the ethos of the School and understand the Schools behaviour policy. Therefore employees can expect to be treated reasonably and fairly.

It is not acceptable to behave in a manner which could question an employee's suitability to work with pupils/children or encourage others to make unprofessional comments or comments which could cause offense.

This level of behaviour is to be expected at all times when representing the School which includes attending such events as training and work related social functions.

With the rise of social media, it is not acceptable for employees to behave in such a way that would not uphold public confidence within the school. **Please refer to the schools child protection & safeguarding in schools policies.**

4.3 Confidentiality

Employees can expect to have their personal information secured confidentially. Personal matters should also be kept in the strictest of confidence.

Employees within the School may have access to private or sensitive information about the pupils/children within the School. These details must be kept confidential and only shared when it is in the child's best interest to do so.

The Data Protection Act 2018 (DPA 2018) establishes a framework of rights and duties which makes personal information safe. Personal information is information about a living individual, who can be identified from the information.

This School is committed to protecting the privacy of individuals and handles all personal information in a manner that complies with the DPA 2018. It is the **personal responsibility** of all employees (temporary or permanent), Governors, contractors, agents and anyone else processing information on our behalf to comply with this policy.

Storage of any such information should be in line with the Data Protection Act 2018.

Any deliberate breach of this policy could amount to a criminal offence under one or more pieces of legislation, for example the Computer Misuse Act 1990 and the DPA 2018. All breaches will be investigated and appropriate action taken.

Employees should report concerns to a senior member of the School.

4.4 Gifts

Employees should not receive or accept gifts, loan, fees, hospitality or other reward **which influences the way** in which duties are carried out.

For transparency if an employee is **given low level “thank you” gifts from parents or children e.g. homemade gifts, flowers, chocolates, biscuits etc.** then they should let the school know. In all cases a professional judgement should be made around what is acceptable, proportionate and appropriate. If in doubt the employee should seek guidance from the Head teacher of the school.

Employees have a responsibility to report any such reward or suspicions of any such awards to the **appropriate person within the school.**

4.5 Use of Internet and Social Media

The use of the Internet and Social Media in the work place can be very useful but also can be open to misuse. Employees must take every step to protect themselves when using such ‘media’ and **must refer to the Social Media policy that is contained within the School Child protection & Safeguarding in School Policies.**

Employees must also be careful when using social media personally to ensure that no activity relates negatively on the Schools reputation. Should such information be brought to the Schools attention, the disciplinary process may be followed.

4.5 Use of technology

Staff are not permitted to use personal technology devices while working directly with pupils and/or during their hours of work. These should only be used away from areas children access.

Where professional technology devices are provided to staff for the purpose of their role and responsibilities, these are permitted.

Staff have a responsibility to model safe practice and use of technology devices at all time.

Staff engaging in online learning should display the same standards of dress and conduct that they would in the real world; they should also role model this to pupils and parents.

Staff, including governors, are expected to sign an acceptable use policy, which outlines expectations and behaviours around technology and social media use.

The school has a full policy on use of technology and mobile phones which can be found on Sharepoint, the school website, is displayed in the staffroom, annually sent via email or available upon request.

Personal Mobile Phones in Nursery

Personal mobile phones belonging to members of staff are not used on premises during working hours.

At the beginning of each individual's shift, personal mobile phones are stored in lockers. If no lockers are provided, they must be stored in a locked office drawer.

In the event of an emergency, personal mobile phones may be used in the privacy of the office with permission from the manager.

Members of staff ensure that the telephone number of the setting is known to immediate family and other people who need to contact them in an emergency.

If members of staff take their own mobile phones on outings, for use in the case of an emergency, they must not make or receive personal calls as this will distract them.

Members of staff will not use their personal mobile phones for taking photographs of children on outings.

Parents and visitors are requested not to use their mobile phones whilst on the premises. There is an exception if a visitor's company or organisation operates a lone working policy that requires contact with their office periodically throughout the day. Visitors will be advised of a quiet space where they can use their mobile phone where there are no children present.

Cameras and videos

Members of staff must not bring their own cameras or video recorders into the setting.

Photographs and recordings of children are only taken for valid reasons, i.e. to record their learning and development, or for displays within the setting.

Photographs or recordings of children are only taken on equipment belonging to the setting.

Camera and video use is monitored by the setting manager

Where parents request permission to photograph or record their own children at special events, permission will first be gained from all parents for their children to be included.

Photographs and recordings of children are only taken of children if there is written permission to do so (found on the individual child's registration form)

4.6 Raising Concerns – Safeguarding

Safeguarding and promoting the welfare of children is everyone's responsibility. All staff should be committed to working in a culture where the values of the school and effective safeguarding are upheld, this includes openness, trust and honesty. All staff are responsible for implementing and reinforcing these values.

All schools have a standalone child protection and safeguarding in schools policies with appropriate appendices and related safeguarding procedures. For avoidance of doubt **all school staff** need to be aware and implement the principles of its content.

It is important to note that these policies supplement and work within the overarching Telford & Wrekin Local Safeguarding Partnership procedures, for avoidance of doubt, these can be viewed

at [Telford and Wrekin Safeguarding Partnership website](#). These policies are pivotal to all areas safeguarding and any actions that may be considered, taken and expected of those that work and interact with children.

It is also acknowledged that “Working Together” 2018 and “Keeping Children Safe in Education” 2021 Parts 1-5 are viewed on the same principle & Annex A & B. For schools with early years children on roll Section 3 of the Statutory Framework for the Early Years Foundation Stage 2021 should also be viewed.

On a general level the highest standards of safeguarding conduct are expected from the whole school community. It is important to note that in particular well known and peripheral areas of safeguarding concern should be paramount to a child’s welfare namely;

- Four Defined Categories of Abuse - Sexual, Emotional, Physical and Neglect as defined in “Working Together” 2018
- Extremism & Radicalisation (Statutory - “Prevent duty guidance” March 2015)

Furthermore staff are expected to encourage pupils to respect the fundamental British values of democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs. Staff should ensure that partisan political views are not promoted in the teaching of any subject in the school and where political issues are brought to the attention of pupils, reasonably practicable steps have been taken to offer a balanced presentation of opposing views to pupils.

Further areas (amongst others) for all staff to note are;

- Children That Have Gone Missing (T&W Missing Children Process 2016)
- Children Missing From Education - Whether Authorised or Not
- Poor/Irregular Attendance (Protocol for Identifying and Maintaining Contact with Children Not Receiving Education)
- Children Abused Through Exploitation (CATE) -T&W Pathway Process
- Harm
- Drug and substance misuse
- Suicide Intervention
- Fabricated and induced illness

School Child Protection and Safeguarding Policies will take account of all these issues and other areas and therefore staff conduct in addressing any safeguarding concerns is paramount and doing nothing is not an option. All concerns for a child’s welfare should be responded to and reported as set out in our Child Protection & Safeguarding policy. A delay in responding and reporting concerns for a child’s welfare beyond what is reasonably practicable is a breach of this code of conduct.

If anyone working in the school community identifies a concern about a breach of this code of conduct, they must ‘speak up’. All those working in the school community must follow the school Whistleblowing Policy.

Creating a culture in which all concerns about adults (including allegations that do not meet the harms threshold are shared responsibly and with the right person, recorded and dealt with appropriately, is critical. If implemented correctly, this should encourage an open and transparent culture; enable our school to identify concerning, problematic or inappropriate behaviour early; and minimise the risk of abuse. A culture of vigilance will help to ensure that adults working in or

on behalf of our school are clear about professional boundaries and act within these boundaries, and in accordance with the ethos and values of the institution.

Low Level Concerns

All staff should report concerns that are of a 'low-level'. This can be a concern of any kind, this can include a member of the school community acting in a way that:

- does not meet the allegations thresholds or of a level to refer to the LADO
- that does not uphold the school code of conduct, including out of work.

All 'low-level' concerns must be reported to the Headteacher. They may choose to delegate the investigation of 'low-level' concerns to other members of the senior leadership team. Where the concern pertains to the Headteacher, this should be reported to the chair of the governing body. Failure to report or respond to such concerns would constitute a failure in professional responsibilities to safeguard children and promote welfare.

The school has a full policy on managing low level concerns and allegations against staff which can be found on Sharepoint, the school website, is displayed in the staffroom, annually sent via email or available upon request.

Staff should understand the importance of challenging inappropriate behaviours between peers, including peer on peer sexual violence and sexual harassment. Downplaying certain behaviours, for example dismissing sexual harassment can lead to a culture of unacceptable behaviours, an unsafe environment for children and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it.

4.7 Conflicts of Interest

Employees must be mindful to avoid personal circumstances which could lead to conflict of interest and should discuss/report any potential conflicts of interest with the Head teacher as soon as possible.

4.8 Health & Safety

The School will endeavour to abide by Health and Safety legislation to ensure the safety and well being of employees at work.

Employees are expected to adhere to the schools Health and Safety Policy and guidance to keep themselves and others safe at work.

Employees also have their own duty of care to take care of themselves and anyone else affected by their actions or failings.

Appendix 1

Dress Code for staff Policy

July 2023

Rationale

At Newdale Primary School and Nursery we believe that pupils are influenced by role models around them. All staff form an important part of that modelling process and as professionals it is important that we provide the best example of appropriate clothing for the task in hand.

Aims

Our aim in having a dress code for staff is to ensure:

- Clear expectations and guidelines are laid down for staff, students and parents helping in school.
- Staff are suitably attired to meet safeguarding procedures.
- That all children have appropriate role models for professional dress.
- That all children understand the importance of appropriate dress at relevant times (e.g. changing for P.E, covering clothes for art etc.)

Guidelines

- As part of safeguarding for staff and pupils it is important that staff wear clothing which is:
 - appropriate to their role,
 - is not likely to be viewed as offensive, revealing or sexually provocative,
 - does not distract, cause embarrassment or give rise to misunderstanding
 - is absent from any political or otherwise contentious slogans
 - is not discriminatory
- Suitable smart clothing and footwear must be worn to work.
- Appropriate clothing should be worn for the occasion e.g.
 - changing into sports equipment before/after P.E.
 - Wearing an art apron during messy art activities.
 - Suitable garments for the activity e.g. if you are sitting on the floor/crawling around outside etc. decide whether trousers are more appropriate than a skirt.
 - If you are attending a trip ensure appropriate wet weather garments are taken.
- If jewellery is worn please ensure it does not cause a health and safety hazard (i.e. being caught/grabbed etc.)
- Only one set of pierced earrings are worn, other piercings are removed during the school day.
- Ensure all jewellery is removed during P.E. sessions.

The following items are not acceptable:

- Denim items and jeans.

- See through garments. Please be particularly aware during summer months when items are thinner
- Visible tattoos are discouraged and must be discreet.
- Low cut tops and vests. Please be particularly aware if you are likely to be bending in front of pupils (during first aid, talking to pupils sitting on the floor) leaning across a table.
- Crop tops (i.e. any midriff showing). Please be particularly aware if you are sitting on computer stools when garments may become untucked, or you are leaning across a desk.
- Underwear being revealed. Please be particularly aware of items showing above trousers etc if low waisted trousers are worn!)
- Shorts (unless tailored to the knee). Skirt length needs to be considered in line with appropriateness within the work place.
- Flip flops.

PE lessons

It is the schools policy that PE dress should only be worn for the half day that include the PE lesson or after school sports club. Staff are expected to change for the other half of the day as this helps maintain a professional standard of dress.

Monitoring

The policy will be monitored by the Headteacher. Any staff not conforming with the policy will be requested not to wear that item of clothing again or will be asked to change. If frequent non-compliance occurs it will be dealt with through the disciplinary policy.
